

Computer
Girls
Science

About

- Computer Science for Girls is a workshop on Computer Science for young adults (with special focus on the underrepresented collectives).
- The main idea is to provide the audience with a glimpse into the blooming field of computer science, by letting them explore the exciting world of code in small work groups.
- The workshop is intended to provide additionally talks and open table rounds with members of underrepresented collectives in the field, to provide input on different career options.
- At the end of the workshop, the participants will have written their first Computer Vision application in Python, processing a video stream and displaying high level information about it (e.g., action recognition, skeleton estimation, object detection).

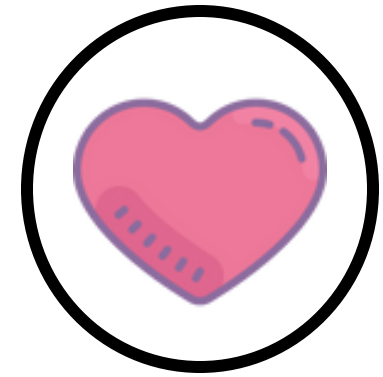

Target

~50 Non-programming women or underrepresented individuals who are motivated to get into the field

Date and Place

Full day workshop, 26th of August 2023, Zurich. (We are a satellite event from Scientifica)

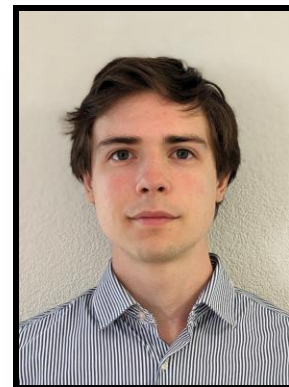

Mentors

We will have ~17 awesome mentors for the workshop!

Organization

- Computer Science for Girls is organized by [Dr. Zuria Bauer](#), postdoctoral researcher at ETH Zurich, in collaboration with the [Computer Vision and Geometry Group](#) under the direction of [Prof. Dr. Marc Pollefeys](#). With [Dr. Mihai Dusmanu](#) and [Luca Cavalli](#) as technical managers.
- This workshop is a satellite event for the [Scientifica](#) event and organized in collaboration with their organization committee.

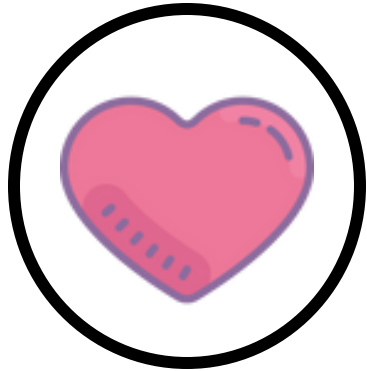

Support Us

We're looking for kind souls and organizations that are supporting the goal of bringing more women into technology to help us.

With every sponsor, we can bring more and more women to come to the the Computer Science for Girls workshop and into the field of Computer Science to learn about programming. Your money will be used for their maintenance, the merchandising and other supplies in order to create a place where all of them can feel comfortable and make their first contact with code a great experience.

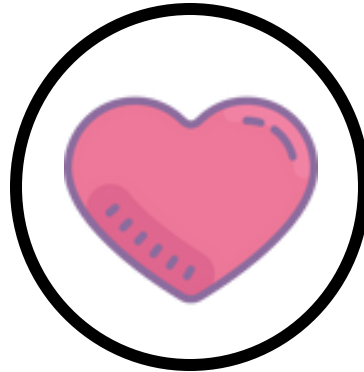

Support Us

You can help us in three ways:

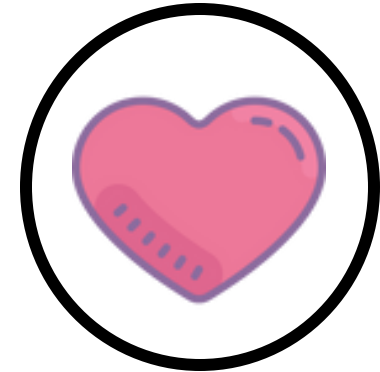

1000 CHF

- Company logo on website
- Company poster at workshop
- Send e-mail to attendees
 - 5min LIGHTNING TALK

800 CHF

- Company logo on website
- Company poster at workshop
- Send e-mail to attendees

500 CHF

- Company logo on website

Thank you for your help
